

SOMETIMES IT DOES TAKE A VILLAGE.....

Fellow Community Members,

As a community, we share a commitment to consistently demonstrating good character, ethics, and integrity – not only by our coaches and athletes in our schools’ athletic events, but also by us, as parents and spectators, at all events.

We are writing this letter to invite you, our friends and neighbors, to a special meeting of the board of the Ferndale Unified School District to be held in the gym next Thursday, January 19. There, we will all have an opportunity to hear a very special presentation by Roger Blake, associate executive director of the California Interscholastic Federation (CIF). Roger will talk about the CIF’s “Pursuing Victory with Honor” program, a set of 16 principles through which communities and schools can work together to achieve our mutual, foremost goal: that of instilling in our young people the enduring values that have made this community strong.

Thursday, January 19, 2012

6:30 to 7:30 - Ferndale High School gymnasium.
